The Blazed Trail

to profitable farming is the Champion line of harvesting machines. Think of it! Champion machines have been made since 1849 and more have been sold every year since then until today farmers all over the world appreciate the merits of the Champion line. The New Champion binder, which we will gladly explain to you, illustrates Champion progress and how conscientiously Champion machines are built to satisfy the farmers. We handle, besides binders, Champion mowers, reapers, hay rakes, tedders, huskers and shredders, knife grinders and binder twine. When you are in the market for something good in the harvesting machine line, call on us and we will show you the Champion.
